**TO ADVERTISERS.**  
To the merchants who desire to catch the city trade, as well that of the country, the ARDMOREITE offers the best medium advertising. It enters and is in nearly every house in the city, not once a week but every Sunday excepted. Its rates liberal and its policy is to value received. It labors in out of season for the good of more, thus benefitting every man by its efforts. For reason it has claims for patronage that should be duly recognized by them in return.

It is to be hoped the Board of de will impose a sufficiently heavy license to run the fairs of town. They are next to rounders in objectionable qualities. Both are altogether undesirable. Run them out.

It will be seen by reference to jury list, Brother Lewis Hornbeck, of the Minco Miners, is among the number of id jurors. This will be bad for Hoke Smith, J. W. ey and D. B. Culberson. They had just as well come in surrender, for Hornbeck now be in a position to work in their trail.

OVERHOLSER, secretary of Oklahoma Territorial Fair association, was in the city yesterday billing the town and talkin the fall gathering, which take place September 26 to inclusive, in Oklahoma City. year's meeting promises to be grandest of all previous ts. The management has to a heavy expense and is ing no pains to secure ations of the rarest order. The MOREITE acknowledges a sent call from Mr. Overholser made by the usual compliaries.

A Comedy of Errors.  
The two wedding processions fighting for the road at one of gates of Hankow, the chairs the brides got mixed, and lady was taken to the wrong groom. The gentleman, never seen their wives before, according to the Chinese custom, knew stake. When the next morning mothers of the two brides to present the usual hair off to daughters, each found a stranger installed in her place. Neither, moreover, had any means of going where her daughter had.

After a very difficult search city the brides were both found, and then the idea of making out of this was blocked by the hat one of the brides, who was intended for a rich husband fallen into the hands of a poor man. The problem re-

unolved.

It is to be expected calculations of Rome seated 87,000 stora, while 60,000 more could be found standing room. The circumferences of the sum as it stands today is 1,728 feet long diameter 615 feet, its diameter 510 feet. The arena is 90 feet and the height of ceiling 150 feet. There is stilling four stories of the original ure. It was in all probability largest building of auditorium ever known.

## W. F. WHITTINGTON'S

## GRAND SUMMER DISCOUNT SALE IS NOW IN FULL FORCE.

It is customary with me at this season of the year to inaugurate a grand low-priced sale.

I find I am overstocked in everything in the dry goods and general furnishing goods line, and have made a grand discount of 25 per cent on everything in my house, and want to give my customers and the public generally the benefit of our low prices.

Remember, everything in the dry goods line goes. I have just received one of the largest stocks of dry goods ever brought to Ardmore, all of the latest designs and patterns.

In our present sale we are much better prepared in variety and assortment than heretofore. Buyers have a chance to choose from a large and almost complete stock. Usually black goods are excluded from discounts, but to make this sale as interesting as possible, I include all of our black goods, thus making it more satisfactory to buyers than a few odds and ends thrown out for an advertising purpose. Come early if you want the best; you will save money by doing so.
